

INDEX

- ACID**-base changes in exercise, chart for, 538.
 — in serum of exercised dogs, 529.
 — elimination, respiratory metabolism and, in pregnancy, 101.
 Activation of gastric secretion by vagal stimulation, 363.
 Activity, effects on, of different amounts of protein in diet, 557.
ADOLPH, E. F. Osmosis into frog skin, and the effects of isolation, of orientation, and of the blood's circulation, 587.
 — The initial rates of swelling of isolated muscle and their relation to the osmotic exchanges within the frog, 598.
 — The water exchanges of frogs with and without skin, 569.
 Adrenal cortex, 153, 164, 180.
 — insufficiency, revival of cats prostrate from, by extract of cortex, 180.
 Adrenalectomized cats, effect of a lipid fraction on life-span of, 153.
 —, extract of adrenal cortex which maintains life of, 164.
 — rats, coagulation time of blood of, 305.
 Adrenalin, effect of, on nitrogen metabolism, 28.
ALLEN, W. F. An experimentally produced premature systolic arrhythmia (pulsus bigeminus) in rabbits. III. Pathway of the arrhythmia impulse, 243.
 Anemic dogs, bile pigment and hemoglobin interrelation in, 463.
 Anhydremia, anorexia, gastric motility and, 132.
 Anorexia due to lack of vitamin B complex, 372.
 —, gastric motility and anhydremia, 132.
 Anoxemia, effect of, on action potential of nerve fibers, 613.
 Arteriosclerosis, hemodynamics of, 426.
BACQ, Z. M. Impotence of the male rodent after sympathetic denervation of the genital organs, 321.
 — See CANNON and BACQ, 392.
 — See DWORKIN, BACQ and DILL, 308.
 Basal metabolism, effect of posterior pituitary extracts on, 640.
 — of Mayas in Yucatan, 518.
BAXTER, S. G. Continuous pancreatic secretion in the rabbit, 343.
 — Nervous control of the pancreatic secretion in the rabbit, 349.
BENEDICT, F. G. See SHATTUCK and BENEDICT, 518.
 Bigeminal pulse in rabbits, 243.
 Bile pigment and hemoglobin interrelation, 449, 463.
BINGER, M. W., F. W. GAARDE and J. MARKOWITZ. A study of bronchial reflexes in the guinea pig, 647.
BISHOP, F. W. See NASSET, BISHOP and WARREN, 439.
BISHOP, G. H. See HEINBECKER and BISHOP, 613.
 Blood changes, respiratory metabolism and, of anesthetized dogs by high frequency current, 439.
 — clotting, influence of urea on, 509.
 — coagulation in sweet clover disease of cattle, 413.
 — time of adrenalectomized rats, 305.
 —, effect of circulation of, on osmosis into frog skin, 587.
 — morphology in pregnancy, 112.
 —, normal and pathological, toxicity of, to plant seedlings, 662.
 — of fowls, hemoglobin content of, 89.

- Blood pressure, effect of menstrual cycle on, 1.
 — sugar and lactic acid following burns, 35.
 — vascular system, effect of estrin on, 677.
 — viscosity in narrow capillary tubes, 562.
- BOLLMAN, J. L. and F. C. MANN. The physiology of the liver. XIX. The utilization of fructose following complete removal of the liver, 683.
- BOOTH, W. See GEMMILL, BOOTH, DETRICK and SCHIEBEL, 265.
- BOOTHBY, W. M. See SANDIFORD, WHEELER and BOOTHBY, 191.
- BOURQUIN, H. Studies on diabetes insipidus. IV, 66.
- Brain-stem lesions and respiration, 59.
- Bronchial reflexes in guinea pig, 647.
- Burns, blood sugar and lactic acid following, 35.
- CANNON, W. B. and Z. M. BACQ. Studies on the conditions of activity in endocrine organs. XXVI. A hormone produced by sympathetic action on smooth muscle, 392.
 —. See NEWTON, ZWEMER and CANNON, 377.
- CANZANELLI, A. See RALLI, CANZANELLI and RAPPORT, 331.
- Carbohydrate metabolism in pregnancy, 94.
- Cardiac muscle, epinephrin and pressure on, 657.
 — output, effect of menstrual cycle on, 1.
 — — in mild exercise, 8.
 — — in normal men, 228.
 — — of man, 1, 8.
 — rate, insulin and, 311.
- CARLSON, A. J. See FETTER and CARLSON, 257.
 —. See KUNDE, D'AMOUR, GUSTAVSON and CARLSON, 677.
- CATTELL, McK. and D. J. EDWARDS. Epinephrin action in relation to the hydrostatic pressure effect on the contraction of cardiac muscle, 657.
